OPENING OF THE SUPREME COURT.

Order of Business—Information for Lawyers.

The annual term of the Supreme Court of the State began its session yesterday morning at 10 o'clock, in their new rooms in the old Union Bank building, Main street. Present, the Hon. A. O. P. Nicholson, Chief Justice, Hon. P. Turney, Hon. Thos. A. R. Nelson, Hon. J. L. T. Sneed, and Hon. James W. Denderick. Hon. T. J. Freeman was not present yesterday, but is expected to be on the bench to-day. Hon. Jos. B. Heiskell, the Attorney General, will also be present to-day.

Chief Justice Nicholson, on opening the Court, remarked that the order of business prescribed at the adjournment of the Court last session, was upon the presumption that the judges would all sit together, but as it had been found better at Nashville and Jackson to sit in sections, the same course would be pursued here. The business would begin in the second section with the fourth circuit, and in the first section with the second circuit. The first circuit, composed of Chief Justice Nicholson, and Judges Denderick and Sneed. The second section, of Judges Nelson, Turney and Freeman.

In the circuits, the business will be disposed of by counties, as prescribed by law, and in the order they are named in the act of Assembly creating the circuits, adopted June 24th, 1870. (See acts of General Assembly for 1870, chapter 21, page 59.) The act directing the causes to be heard by the court by counties will be found in the acts of 1868—3, chapter 28, page 39.

As the causes on the docket of the fourth circuit are about twice the number of those in the second circuit, the first section, on completing the business of the second circuit, will proceed to that of the first circuit.

Mr. Chief Justice Nicholson said that the Court had come here with the expectation of clearing the docket of all business, all the cases in each county, including those appealed in 1871, would be disposed of as the counties were first called.

For the information of the Bar and litigants, we give the counties of the several circuits in the order in which they will be called by the clerk.

Mr. J. F. Denderick, the Clerk, will be with the second section, which sits on the first floor. D. D. Anderson, Esq., will act as Clerk to the first section, sitting on the second floor.

Owing to the absence of some of the counsel from the 2d Circuit, the full Court sat on the first floor and began with the call of the law docket of the 4th Circuit.

In less than fifteen minutes from the opening of the Court, a case from McMinn county was being argued by counsel. Some ten cases were heard up to twelve o'clock, when the Court adjourned until 9 o'clock this morning, when the 2d and 4th Circuits will be heard by the first and second sections respectively.

The second floor is almost filled with a well selected stock of ready made clothing and gentlemen's and every thing worn by the masculine population, from a hat down to a pair of boots. Any speaking of these latter, their stock is as large as formerly, as well as the latest style of ladies' boots, gaiters, shoes, &c. The new attraction will meet with a liberal patronage, which it well deserves.

Teachers for Colored Schools.

Jefferson county school commissioners desiring teachers for colored schools, can obtain them by calling on Yardley Warner, Maryville.

'Camp Meeting.

A pleasant drive of five miles on the Jackson pike, and among pleasant farms and farm houses, and half a mile on a direct road, brings you to Fountain Head. Here you find one of the most beautifully flowing crystal springs in the country. The rest everybody who has seen a camp ground can imagine.

Sunday morning the woods were filled with wagons, buggies, carriages, farm wagons, sewing machine wagons, stove wagons; United States mail hacks, city drays, omnibuses, and almost every conceivable kind of vehicles. It was estimated that one thousand five hundred persons were present. Rev. E. E. Hoss preached the first morning sermon from Hebrews 3:1, and was followed by Rev. J. M. McTeer, text, Revelations 12: 1, after which a collection was taken up, amounting to \$61.50. The Lord's Supper was then administered.

In the afternoon, Rev. G. D. French preached from 1 Thessalonians, 5: 10. Rev. J. M. McTeer preached in the evening from the two first verses of the 40th Psalm.

On Sunday evening the meeting began in earnest, and great excitement prevailed. There were about thirty bibles, and a large number of professions. The meeting still continues.

Pemberton's compound extract of Stillington cures all old mercurial and venereal diseases without fail—try it.

Accidental Death.

We learn from Mr. J. E. Creswell that Mr. James Hix, of Sevier county, met with an accident on the second instant, sustaining injuries from the effects of which he died a few days after. Mr. Hix was hauling a load of benches to a place in a school house, when as he was passing through an opening in the fence, his oxen took fright and ran away, the wagon passing over a pile of stones and throwing him under the wheels, fracturing his leg in two places.

The deceased was a member of Capt. Armstrong's company, of Gen. Cooper's old regiment, the 6th Tennessee Infantry, and served with great gallantry in Georgia, losing a leg on the forming of Resaca. It was his maimed leg that was broken by the accident, for having only one sound limb, he could not leap from the wagon, and lost his life.

His mother was in sight when the accident occurred and hurried to his relief, only to find that her son, the prop of her declining years, he whom the burden of the foe had spared, though scarred, had received the dread summons. He lingered until Wednesday morning at nine o'clock, when death came to his relief. The funeral of the deceased took place at Seven Islands, on Thursday, the 7th inst.

Terrible Accident.

We regret to learn that Polk Heiskell, a lad of about twelve years, met with a terrible accident at Sulphur Springs, Rhea county, last Saturday morning, receiving injuries which have doubtless proved mortal before this account will meet the readers eye.

Our informant states that the boy was occupied about a cane mill, which was worked by a lever horse power, when his head was caught between the lever to which the horse was hitched, and his skull broken. There was so little space between the lever and the cross beam that when the child was caught the machine stopped.

Medical aid was at once procured, and though the little sufferer was alive on Sunday morning, he was so seriously injured. No hopes were entertained of his recovery.

Just Returned.

S. Bissinger has just returned from New York, where he has purchased and is now receiving a fine stock of clothing and gentlemen's furnishings goods. His long experience in this market is a sufficient guarantee that Mr. Bissinger purchases what the people need, and the success with which he has met is evidence that he is appreciated. Call before making your purchases elsewhere. He will be found at his old stand, corner of Gay and Clinch streets.
